

LAST SHOT DROPS CHARGING WOLF

You Are Here!

A desperate Kinmount man used his last shotgun shell to fell a snarling, slashing timber wolf as it leapt at him less than a half-mile from his home two weeks ago.

Dwight Fountain, 23, said afterwards he trailed the 100-pound, six-foot-long wolf to the very edge of Kinmount after it molested his cattle.

He said he first noticed the wolf around 6 p.m. just minutes after he returned home from work in Lindsay and found his family's six head of cattle "running and very scared".

He spotted the wolf on the frozen Burnt River less than 150 yards behind his parents home.

Firing twice at the animal with a rifle but missing both times, Mr. Fountain then grabbed his 12-gauge automatic shotgun and three shells loaded with buckshot and set out in pursuit.

Dwight Fountain

Plunging through the deep snow to the river, he trailed the wolf to the edge of the village where he caught up with it and fired two more shells.

Hit this time by the buckshot the wounded animal suddenly turned and charged his pursuer snarling and snapping.

In a desperate reflex move Mr. Fountain fired his one remaining shell to drop the animal at his feet.

Some 22 Hanover snowmobilers spent the past weekend sampling the snowmobile trails of

Haliburton County and they got a great assist from this 'You Are Here' sign, posted on

one of the trails south-east of Donald. The sign, here being examined by Hanover

Snowmobile Club secretary Marion Wersch and president Mary Curtis (right), is the

first of many planned for Haliburton trails by the Haliburton County Snowmobile Club.

Believed because of its size and weight to be a timber wolf, the beast's carcass will be shipped to Toronto this week by the Ministry of Natural Resources for confirming measurements and tests.

Tempers flare as police insist on licenses

Tempers flared and snowmobile racers stomped off angrily, but adamant O.P.P. officers led by the Minden Detachment Commander last weekend insisted that all snowmobiles competing in special Haliburton Winter Carnival races on Head Lake be licenced.

It was the first time Ontario's mandatory licensing and registration legislation has been enforced for snowmobiles used solely for track racing. While some five racing machine operators reluctantly licensed their sleds, others stalked off in anger to organize a partial boycott of the races scheduled for the same track

the next day, phoning to warn away other racers. It all began when Provincial Constables Al Barnes and Boyd Jarvis arrived on snowmobile patrol and told both the racers and the sponsoring Haliburton Kinsmen Club organizers that anyone trying to run an unlicensed machine would be charged and face a \$28 fine.

An hour later after angry calls to the Minden detachment and the arrival on the scene of Detachment Commander Sergeant Arnold Besteman and Corporal Terry Sneddon, frustrated organizers and racers went ahead with the races, but with each and

every participant licensed. The racers said it was the first time they had ever been required to license their specially modified racing machines.

Add charge

A 24-year-old Minden man was charged by police with obstructing justice just minutes after his preliminary hearing in Minden a week ago Tuesday during which he was committed for trial in Lindsay on charges of rape and gross indecency. Police say the latest charge

OOPS!

Although last Thursday was winter carnival activity day for grades 7 and 8 students of the Senior Elementary School, for those who visited the ski slopes at Sir Sam's Inn it all proved to be a little more active than planned on, at least for three of the youngsters. Before the day was over Darren Sisson had fractured his leg and Glen Evans had taken five stitches after being struck in the head by a ski while Dawn Wright, daughter of supervising teacher Don Wright, suffered a fractured lower thigh and ankle.

against Paul Warburton arose as a result of testimony at the Tuesday hearing in which it was alleged a witness was intimidated.

Glamorgan gets \$9,500 park grant

The Township of Glamorgan is the happy recipient of a \$9,500 grant for the development of an approved Park.

Announcement came from Leo Bernier, in one of his last acts as Minister of Natural Resources. Mr. Bernier is now Minister of Northern Affairs.

The park comprises some 1½ acres of land owned by Mrs. Mabel Winder and

located on the south shore of Gooderham (Pine) Lake.

The municipality now proposes to extend the facilities available and proceed with the construction of both picnic, and parking facilities.

This grant is made available under the Parks Assistance Act with the municipality contributing an amount equal to the grant.

Another Haliburton land mark disappeared last week. Any of us that spent our teens in the Highlands will attach memories of all kinds to the "Golden Slipper". It has not been used for some years now, and is now being demolished by bulldozers. The building was beyond repair—which is too bad.—but we do appreciate the memories.

Elsewhere in the paper this week you will find copies of letters written from the Chamber to the Ministry of Industry & Tourism, Ministry of Transport & Communications and the Premier of Ontario. The Directors of the Chamber suggested that these letters be reprinted in the newspaper so that the public can become aware of the Chambers stand in this regard. We urge anyone, either business or private citizens with strong feelings in this regard to write as well and let their feelings be known. The Chamber would be very pleased to receive copies of such correspondence.

The Chamber has just published a newsletter which has been mailed this past week and should be in the hands of all members by now. Attached to the newsletter is a questionnaire which we strongly urge you to fill out and return to help us with our future decisions. Speaking of newsletters, C.O.T.A. had been sending newsletters to all members of our Chamber until recently. The Publisher of this newsletter had to discontinue publishing due to financial problems. C.O.T.A. has now retained another publisher for their newsletter and the first edition of the new newsletter should be out in early March to all our members.

The Ministry of Industry & Tourism last week released information on the planned construction of Timbertown in Renfrew County. You may recall last June when the Hon. Claude Bennett visited Haliburton that he advised us that the Ministry would look favourably upon helping us set up a major tourist attraction but that we must provide the ideas. What is happening in Renfrew County is an example of just such a case. Municipalities involved submitted the ideas and have worked together with the Ministry and now have a major tourist attraction in the works for their area. Timbertown will be designed as a park which will be somewhat along the lines of Upper Canada Village, display the heritage and the lumbering background of that particular area. Lumbering is also our heritage and this whole project could have well suited Haliburton as well as Renfrew but they submitted the idea before we did. Now it is up to us to come up with another idea. The Directors of the Chamber have been wracking their brains for ideas and we have asked our members repeatedly for ideas. We are asking once again, if you can think up anything in the way of a major tourist attraction it would merit the assistance of the Ministry of Industry and Tourism, please contact the Chamber.

This years Haliburton Winter Carnival is now history and from all reports it can be considered a success. If anything was disappointing it would have to be the parade. Over the last few years the parade has become smaller and smaller. There must be a reason.

Recently, Canada Manpower announced two make-work programmes, one called Canada Works and the other Young Canada Works. Many organizations in Haliburton County have submitted applications for programmes financed under these plans. It is hoped that both these plans will create employment in the area but we wish to remind anyone hoping to get employment through these plans that all hiring will be done through the Canada Manpower office at Haliburton. Students looking for summer work this year should register at the Canada Manpower office in Haliburton as the Young Canada Works program is designed to create student employment during July and August.

No Kidding!

The no kidding sign was down at Garwood Stevenson's barn last Friday morning when his nanny-goat became a proud

momma, producing these three beauties. The two white billies and the gray

nanny were born between six and eight a.m. and were on their feet exploring their new world less than three hours later.

Appeal succeeds...nursing assistants school stays open

The Ministry of Health will continue to fund operation of the Ross Memorial Hospital school for training Nursing Assistants, the hospital was told this week.

This is a reversal of the Ministry's decision last July to cease funding the operation of the school, and is due to a combined appeal by the hospital's Board of Governors and the Ontario Hospital Association, supported by the hospital's Medical Staff.

Representatives of the seventeen hospital-based R. N.A. schools slated for closure met at the O.H.A. last October to discuss their common concerns and as a result submitted a Brief to the Ministry for consideration. In its submission, the O.H.A. pointed out that cost studies revealed

it is cheaper to train R. N.A. students in the hospital-based schools than the Community Colleges.

The Brief was followed by further correspondence sent on behalf of the Board, the Hospital's Medical Staff, and by John Eakins, M.P.P., urging the Ministry to reconsider its position. The Ministry did reconsider, and so the R.N.A. School will continue to serve the community.

Ross Memorial's school opened in 1961 and since that time has trained 260 students, most of whom are employed in Lindsay and the surrounding areas including Peterborough, Oshawa and Bowmanville.

Without the R.N.A. School future Lindsay and area students would have to find transportation to Oshawa

or some other Community College-based school, which, in many cases would have precluded a number of students from being able to attend the course.

In approving continuation of the school, however,

the Assistant Deputy Minister stated that, in the meantime, "the future demand and supply levels for R.N.A. Manpower will be closely monitored by the Ministry of Health."

Euchre Party

by Pearl Foster

Tuesday Night Combines held a Euchre Party on Feb. 17/77, at Westguilford Community Centre. 11 tables were present, prizes won by: Leon Jones, Gertie

Ripley, Dean Stephenson, Pearl Foster, Fern Donnelly, Alex Stephenson. A lunch was served after and a good time was held by all.

FEBRUARY IS HEART MONTH

Know Your Heart

HIGH BLOOD PRESSURE

- SILENT CRIME

Last of a Series

You can look in a mirror and see fat. You can feel cigarettes in your pocket. You can almost taste and feel saturated fats in rich foods. You can tell by the huffing, puffing and shortness of breath that you are out of condition and unfit.

Such risks provide warning, but high blood pressure is a silent curse. It usually produces no symptoms until it is too late and, in most cases, doctors do not know what causes it, or how to cure it.

However, some things are known about high blood pressure. It is a major risk factor contributing to thousands of heart attack and stroke deaths each year in Canada and — it can be controlled.

It is estimated that nearly 2 million Canadians have high blood pressure and that nearly half of them are not even aware of it. Hence, the description, "silent crime," for the tragedy is that high blood pressure can be detected by a simple, inexpensive, painless test and, in most cases can be controlled by drugs and diet.

High blood pressure is the single, most important identifiable factor contributing to heart attack, stroke and kidney disease. Many thousands of Canadian lives could be saved yearly through control of high blood pressure alone and it is this fact that makes high blood pressure control a major priority of the Heart Foundation. Well designed screening programmes and other research studies are being carried on throughout Canada with a view to encouraging blood pressure check-ups, discovering the causes and cures of high blood pressure and developing more effective means of achieving patient compliance with the drug and diet treatment necessary to maintain control.

Unfortunately, when high blood pressure is present with smoking, obesity, improper diet and lack of exercise the risks of heart attack and stroke get even greater. All of these risk factors are amenable to control by the individual and widespread risk reduction through a reasonable modification of living habits could increase significantly the number of Canadians who live longer, healthier lives

Haliburton Carnival a big success

Another Haliburton Winter Carnival is now history and this year's version was a tremendous success, right down to the weather, which was great for this time of year.

The Haliburton Rotary Club kicked off the Carnival on Friday afternoon with the ice sculpture judging and this year's Commercial winner was Mrs. Kennedy's Grade 8 class at Haliburton's Senior Elementary School, for their Tortoise & the Hare. For the first time the Carnival also judged the best private ice sculpture and the winner was Ed Youngdale for his 'Polar Bear.'

Then at 8 p.m. the Haliburton Junior "D" Huskies took to the ice before a packed house and downed Bobcaygeon Ti-Cats 5-1 and thus advanced to their next play-off round against Lakefield. This series will be four out of seven.

Then at the High School during the Teen Snowball Dance, the Carnival Queen and her Princesses were crowned. This year's Queen is Lou-Ann English. Her two Princesses are Linda Danvers and Darlene Danilko.

Saturday morning at the Arena the Oldtimers Hockey tournament got underway. Haliburton Chalkdusters opened the tournament with a 4-3 overtime victory over Lindsay. In their second game the Chalkdusters went two overtime periods before succumbing 6-5 to the Huntsville Teachers. In the final game for the Oldtimers Championship, Burlington easily crushed Huntsville, 13-5.

This year's Hiram Walker Bonspeil was won by Haliburton's Steve Colliver. The remainder of Steve's Championship rink are, Karen O'Connor, vice skip; Grant Wallace, second and Sue Denham, lead. Second place in the Bonspeil also went to a Haliburton rink, that of John Beechley.

All trophies awarded in the Old Timers hockey tournament and the Saturday Drag Races were donated courtesy of Labatt's Breweries Ltd.

On behalf of the Rotary Club and the participants in these two events, a sincere thank you to the Labatt's people for their sponsorship.

This year's 'Best Overall Float' winner in the Haliburton Rotary Carnival Parade was won by Nancy's Flowers. Runner-up float was won by the Bank of Montreal.

One of the feature attractions on Saturday, was the 1st annual Bed Race. This year's winner, in a tight finish over the Haliburton Rotary Club was the South Algonquin Kinsmen Club of Wilberforce.

In the Snowmobile Drags run Saturday on Head Lake, Kirk Potter on his Arctic Cat, took the overall championship and the D.P.D., Transport Cup' for the second year in a row.

Winners of the various classes were: 250 Stock: C. Shaw on a Polaris; 350 Stock R. Hickson, Arctic Cat; 440 Stock K. Potter, Arctic Cat, 250

Modified: R. Hickson, Arctic Cat; 340 Modified: B. Ashley, Merc.; and 440 Modified: K. Potter, Arctic Cat.

All Saturday afternoon the Victoria Street School Hill was a beehive of activity as most of the youngsters of Haliburton were taking in Krazy Karpel Fun Slide Day. Hundred of kids of all ages spent the entire afternoon sliding down the Hill and consuming hundred of hot dogs and pop. The day was supervised by the Victoria School teachers and everyone had a grand time.

Fled police, snowmobiler charged

A snowmobiler who fled police when they attempted to stop him while riding on a provincial highway has been charged with obstructing a peace officer.

According to police Steve Lasota, 20, of RR 2, Gormley fled up Highway 121 from Highway 35 January 30. However, a companion who stayed gave police his name and Lasota was subsequently charged.

Investigation by Provincial Constable Jim Martin.

CORPORATION OF THE TOWNSHIP OF STANHOPE NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE CORPORATION OF THE TOWNSHIP OF STANHOPE TO CLOSE THAT PORTION OF PART OF THE ORIGINAL ALLOWANCE FOR ROAD BETWEEN BROKEN LOT NUMBER 20 AND BROKEN LOT NUMBER 21 IN THE TENTH CONCESSION OF THE TOWNSHIP OF STANHOPE.

NOTICE IS HEREBY GIVEN, pursuant to Chapter 284, Section 443 of the Municipal Act, that the Township Council of the Corporation of the Township of Stanhope proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, R.R. 1, Haliburton, Ontario on Wednesday, March 9, 1977 at 4 p.m., a by-law to close, stop up and convey the following:

ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the Township of Stanhope, in the Provisional County of Haliburton, in the Province of Ontario, being composed of part of the original road allowance between Broken Lot Number 20 and Broken Lot Number 21 in the Tenth Concession of the said Township, more particularly described as follows:

PREMISING the Western Limit of said Lot 21 in the Tenth Concession to be on an astronomic course of North 20 degrees 51 minutes 40 seconds West and relating all bearings herein thereto;

COMMENCING at a point in the Western Limit of said Lot 21, distant 329.3 feet measured on a course North 20 degrees 52 minutes 40 seconds West thereon from the Southwesterly Angle of said Lot 21;

THENCE continuing on a course North 20 degrees 51 minutes 40 seconds West along the Western Limit of said Lot 21, a distance of 470 feet to the intersection of the Western Limit of said Lot 21 with the inner limit of the road allowance along the shore of Little Hawk Lake;

THENCE in a general northwesterly direction following the said inner limit of the road allowance along the shore of Little Hawk Lake to the intersection of the said inner limit of the road allowance with the Eastern Limit of said Lot 20;

THENCE on a course South 20 degrees 51 minutes 40 seconds East along the Eastern Limit of said Lot 20 a distance of 500 feet more or less to a point in the Eastern Limit of said Lot 20, distant 332 feet measured on a course North 20 degrees 51 minutes 40 seconds West thereon from the Southeasterly Angle of said Lot 20;

THENCE North 71 degrees 29 minutes 00 seconds East, 66.05 feet to the POINT OF COMMENCEMENT.

THE PARCEL as herein described is shown outlined in red on a plan and field notes of survey dated January 16th, 1952, signed by Charles P. O'Dale, O.L.S., of record in the Ministry of Natural Resources, Ontario, a duplicate of which plan and field notes is attached to and forms part of this deed of land.

AND TAKE FURTHER NOTICE, that before passing the said By-Law at its meeting to be held at the time and place above mentioned, the Township Council of the Corporation of the Township of Stanhope, shall then and there hear in person or by his Counsel, Solicitor or Agent, any person who claims that his land will be affected by the said by-law and who applies to be heard.

DATED AT STANHOPE this 11th day of February, 1977.

Gerald C. Bain
Clerk

Editorially

Boon

Page one of this week's Progress carries a photograph showing one of the new 'You Are Here' signs currently being prepared and placed along our County snowmobile trails.

One of the major trials facing snowmobilers has been the difficulty in knowing exactly where you are on an unfamiliar trail. Even with an accurate and up-to-date snowmobile map, it is often difficult to know precisely where you are.

This latest project of the Haliburton County Snowmobile Club will prove a welcome complement to the Club's regular trail markers and maps and a boon to snowmobilers.

Congratulations, H.C.S.A.

Change It

The Minden O.P.P.'s insistence last week-end that all snowmobiles taking part in the Haliburton Winter Carnival snowmobile races on the specially prepared oval track on Head Lake be properly licensed was certainly correct according to the law.

It would seem, however, that snowmobiles used solely for racing purposes and not run on public trails, roads, etc. should really be exempt from this provision.

As presently constituted, the law in this regard simply creates hard feelings and in the long run will only prove harmful to carnivals staging events such as the one in question.

Of course, the concern of the O.P.P. is solely with the enforcement of the law as it exists, not with changing it. That is a matter for the Ontario Legislature, and would necessarily require an amendment to present legislation.

As it stands now, the law's an ass, to paraphrase a well-known author.

Let's change it.

Report from Parliament

by

William Scott M.P.

BILL C-338

On October 22nd, 1976, the House of Commons gave first reading to my Private Member's bill, C-338, a bill that would authorize the establishment of a Press Council of Canada.

In anticipation of my bill coming before the House for debate, I enclose a copy of the bill for your information, with an explanation of its purpose.

The Press Council of Canada would consider complaints from people or groups who feel that they have been treated unfairly by the press, and would also consider complaints from the media; newspapers, radio and TV stations, etc. and to take whatever steps it deems to be in the public interest to resolve the matters.

The primary function of the Council would be to encourage the preservation of the freedom of the press in Canada. I believe that this can best be done by encouraging, and in some cases requiring, that the media be always vigilant to maintain the character and integrity of the press in Canada in accordance with the highest professional and commercial standards.

A clear example of what I have in mind can be demonstrated by the case of an individual, or group, whose

reputation has been damaged by the reporting of erroneous information in a story or program. In such a case the Council can direct that the same weight and importance be given to a retraction or clarification that was given to the original story.

If a TV public affairs program should, for instance, damage the reputation of an individual in the reporting of erroneous information, all or part of a succeeding program must be devoted to a conscious effort to restore the reputation of the offended individual.

The same would apply in the case of a front-page story in a newspaper, or lead story, for instance, in a magazine. In each case, the retraction must be given the same prominence given to the original story.

I do not believe that this would in any way restrict or inhibit the free flow of information. It would however, encourage the media to research stories more diligently where there is the slightest doubt as to the authenticity of any part of the story.

This should enhance the protection given, not only to the individual, but to the press as well, and should also increase public respect for their free press.

Report from Queen's Park

John Eakins, M.P.P.

Once again it is time to think about filing our Income Tax Returns, and I have already received a number of enquiries in connection with Ontario's Provincial Tax Credit System, designed to make taxation more equitable.

The property, Sales and Pensioner Tax Credits are intended to improve the fairness of the provincial and municipal tax systems, by relating these tax credits to the individual's ability to pay taxes. The Political Contribution Tax Credit is designed to encourage greater public participation in the democratic process.

Ontario's Tax Credit System is administered as part of the Federal Government's personal income tax system, and the only method of obtaining the various credits is to complete the special pale purple coloured credit form which is included with the income tax schedules. Even if there is no taxable income, this form must be filed with the Federal Government. In the event that a taxpayer has any outstanding liability for Income Tax, Canada Pension Plan or Unemployment Insurance contributions, the Tax Credits will be applied to reduce this liability. Otherwise, the Federal Department of National Revenue will send out a refund cheque which will include the Tax Credits paid by the Province as well as any Federal Refund which may be payable.

To be eligible for the Tax Credits, you must be over 16 and a resident of Ontario on the last day of the taxation year. If someone is temporarily out of the Province on December 31st, he or she may still be considered a resident, providing a tax return is not filed as a resident of another Province. Individuals who left Ontario and Canada during the taxation year must consider the last day of their taxation year as the day on which they ceased to live in Ontario, and their eligibility for tax credit purposes is determined as of that date.

In an effort to make sure that the benefits of the Tax Credit System are most helpful to those in the greatest need of assistance, the total Tax Credit entitlement is reduced by 2% of the taxable income, which means that

the amount available to any taxpayer depends upon family circumstances, age, income and the property tax or rent which is paid, subject to an overall maximum of \$500. AND the Political Contribution Tax Credit, subject to a maximum of \$500. For the 1976 taxation year, Ontario residents with a taxable income of \$1,540 or less are considered to have a "nil" taxable income for purposes of calculating their tax credits. In such cases the two per cent of taxable income offset against Property, Sales and Pensioner tax credits, does not apply.

PROPERTY TAX CREDIT

This should be claimed by the spouse having the higher taxable income, in respect of the principal residence only, and is the lesser of \$180 or occupancy cost (plus 10%). For homeowners, occupancy cost is property tax paid in 1976, and for those who rent accommodation it is 20% of the total rent paid in 1976. College, university and nursing students living in "prescribed" student residences may claim occupancy cost of \$25.00. No-one under the age of 16 at the end of the year may claim this credit. People under the age of 21, living at home and claimed as dependants are also ineligible.

SALES TAX CREDIT

This credit is 1% of Personal Exemptions for Income Tax purposes and may be claimed by most Ontario residents, with the exception of those under 16 years of age, or anyone claimed as a dependant for Income Tax purposes.

PENSIONER TAX CREDIT

This \$110 Tax Credit may be claimed by everyone over 65 years of age and resident in Ontario on December 31st, 1976, but in the case of a married couple, both over 65 at the end of the taxation year, and living in the same principal residence, only the spouse with the higher taxable income is eligible.

See you next week.

comment

For some weeks now the Haliburton Highlands Chamber of Commerce has been battling with the Province of Ontario over its proposal to do away with the G-65 signs identifying the Haliburton Highlands. To date the response from Queen's Park has been anything but sympathetic, evoking the following strongly-worded letters of protest from the Chamber and a supporting letter from Victoria-Haliburton M.P.P. John Eakins.

James Snow,
Minister of Transportation
& Communications,
Ferguson Block, Queens
Park,
TORONTO, Ontario.

Dear Sir:

RE: Highway Signs

For some years now, individual tourist councils such as our Chamber have been paying an annual licence as maintenance fee for G-65 signs which identify our areas. The Ministry of Industry & Tourism has apparently taken it upon themselves to suggest to your ministry that our tourist councils are no longer in existence, and that the signs should be removed.

We would like to assure you that our council in the form of the Haliburton Highlands Chamber of Commerce is very much in existence and have no desire to see the signs removed without our moved. We desire to see the signs removed. In fact we question the right of anyone to suggest they be removed without our approval when we are the ones who have been paying for their existence over the years. These signs are important to us as they identify the region that we spend much time and money to promote and our identity is important to our community.

The signs are important also because of the considerable difficulty we have had with your ministry in getting any other form of identification shown. At the junction of Highways No. 11 and No. 60 near Huntsville, the only northern entrance to our county the signing reads - "to Ottawa". At our new approach from Bracebridge on Highways No. 35 and Highway No. 60 the sign reads "to Lindsay". Haliburton should be identified at all these junctions, and we have requested it, both from the Chamber and County Council. Not only are these requests ignored, but you are now considering removing what little identification we have.

I have enclosed copies of recent correspondence with your Ministry in regard to the above for your information. Your consideration on behalf of the people of Haliburton County would be appreciated.

Yours truly,

Bob Stinson,
Secretary-Manager.

The Hon. Claude Bennett,
Minister of Industry &
Tourism,
Queens Park,
TORONTO, Ontario.

Dear Sir:

On January 19th at a Director's meeting of the Central Ontario Travel Assoc. a letter, signed by yourself, was read to the Directors regarding the G-65 signs. Two of the tourist councils present also had received a letter in this regard and we were assured that one was on the way to us also. To date none has been received by Haliburton. At the meeting we made a motion, which was passed unanimously that a reply be sent to yourself and the Prime Minister objecting strongly to this stand that your Ministry is taking.

Signing in the Haliburton area is an item of a great deal of concern because, as you are well aware by now, we have so much difficulty establishing our identity, even with the various departments of government let alone the general public. Our people paid for these signs, have paid over the years for their maintenance, and now because it suits your plan, if we want them you suggest that we pay \$250.00 to \$275.00 each to have new ones. How can you suggest this and at the same time tell everyone your O T A P Programme is designed to save money?

You suggest that the travelling public is more interested in signs showing directions. Perhaps if there were a better job being done in this area we would not be so concerned, but as it is we must grimly hold on to whatever identity we have left. Where Highway No. 60 meets No. 11 we have asked to be identified the sign says "Ottawa". This is the only northern entrance to our county. The Vankoughnet Road is finally complete most of the way to Bracebridge, but on Highway No. 11 once again our identity is a secret - the sign reads only Muskoka Road No. 4. In fact it is impossible to find signs anywhere directing any traffic to the Haliburton Highlands from outside our area. It is bad enough that we are in a secret location, but now your ministry doesn't even want to let people know they are here if they accidentally find us. We realize that these complaints should go to the Ministry of Transportation, and they have been directed there, but on apparently deaf ears. Your Ministry, for some vague reasons has now chosen to involve itself in this area so we feel the complaint now lies with you also.

We have enclosed copies of correspondence relating to this subject in case you are not fully aware of it's existence.

We would like to thank your ministry at this time for the excellent co-operation we have received from Vern Telford at Barrie and from Cheryl Potosky regarding the Travel Counsellor's directory. We had hoped this was the start of something good.

Bob Stinson, Sec.-Mgr.

The Honourable Wm. Davis,
Prime Minister of Ontario,
Queens Park,
TORONTO, Ontario.

Dear Sir:

The Haliburton Highlands Chamber of Commerce has, since its' beginning acted as the Tourist Council for the Haliburton Highlands. It is still doing so, in spite of the efforts of the Ministry of Industry and Tourism's O.T.A.P. Program to replace organizations such as ours with something they have designed. In some areas this may be a good thing, but we for one do not fit into this pattern and seem to be at odds with the Ministry repeatedly in an effort to maintain what we feel is important—our identity. The ministry seems to be intent on doing away with known areas such as the Haliburton Highlands in favour of names like "Central Ontario" names like "Central Ontario".

The latest exercise in this O.T.A.P. program is for your Ministry of Tourism to advise your Ministry of Transportation that the G-65 signs that identify "You are now entering the Haliburton Highlands" are no longer necessary and should be removed. We have paid annually for these signs since they were first erected, and feel they are very much needed and have no wish to see them removed. We have enclosed copies of letters to both Ministries explaining reasons.

We hope by bringing this matter to your attention you may realize why the people of this riding are becoming more and more disillusioned with our

provincial government.

Yours truly,

Bob Stinson,
Secretary-Manager.

Mr. Bob Stinson,
Secretary-Manager,
Haliburton Highlands
Chamber of Commerce,
Box 147,
MINDEN, Ontario.

Dear Bob:

I have just returned from vacation and I note your letters of communication. My secretary I believe has sent to you a copy of the Hansard that you requested.

The problem of signing has been discussed at different times, and we in our Party have discussed it. My associate as tourism critic is Mr. Hugh O'Neil, of Quinte, who raised the question for discussion. Hugh was with us at the meeting we held in Haliburton last June. The attitude of the Ministry of Industry & Tourism seems to be that if you want the signs, go ahead and put them up at your own expense. I don't feel that this is very fair, and I can assure you that I will continue working through the Ministry to try and bring about a change in this regard.

I can assure you that I will continue to do what I can, Bob, and at the first opportunity I have to be in Haliburton County, I will certainly drop in and see you.

Yours sincerely,

John Eakins, MPP.
VICTORIA-HALIBURTON

LETTERS

Dear Sir:

This year is the Sesquicentennial Anniversary of the Peterborough Collegiate and Vocational School in Peterborough, Ontario. To mark this 150th anniversary PCVS will be holding an Alumni Weekend on June 3, 4 and 5 for all former students of the high school.

The Alumni Weekend events will include a special dinner and dance, open house at the collegiate and displays and exhibits depicting PCVS over the years. As well, a souvenir edition of the school year book, the Echoes, will be published.

To the Editor:

All my life I remember when people had difficulty to speak and were coughing, they were said to have a frog in the throat.

A short time ago an Ontario Government official announced concern because of great scarcity of bullfrogs in the province, and a limit of 15 per day per person being set for their capture, usually for the devouring of the hind legs. Restaurants were having

difficulty. It is an event not to be missed by anyone who has ever attended this school.

I would like to invite all former students of PCVS to come to this gala celebration on June 3, 4 and 5 in Peterborough. For those wishing to attend or for more information please contact the PCVS Sesquicentennial Committee, PCVS, McDonnell St., Peterborough no later than April 15.

Yours truly,

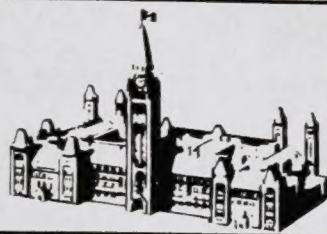

Mary Crow Thompson,
Sesquicentennial Chairman.

difficulty to satisfy gourmet customers with this delicacy.

Almost immediately I noticed a decided trend of concerned citizens, in this locality at least, to undertake shelter of vociferous bullfrogs in their throats and I and many acquaintances have suffered because of this public spirited trend. The discomfort has spread far and wide, almost to epidemic proportions.

C. H. Irwin.

OTTAWA and Small Business

The Apple Juice Cure

by JIM SMITH

Canadians, as you've probably noticed, are funny people. While the Americans, the British, the Russians and even, presumably, the Patagonians have cultivated a national sense of pride and achievement, Canadians have specialized in self-effacement.

Canadian entertainers, Canadian writers, Canadian scientists, Canadian athletes, and Canadian politicians can, almost without exception, find more interest in their work and achievements from outside Canada than they find here at home. We get a bigger thrill out of importing our culture, our technology, and our economics than we get from creating our own.

Nonetheless, there are occasions when Canadians are responsible for notable achievements. And, whenever this happens, we should take note of the fact, puff out our breasts, and indulge in some hearty, congratulatory back-slapping.

As it happens, Canadians are now well on the way to setting new standards in unproductiveness. For many years, our costs - primarily wages - have been increasing much more rapidly than our productivity. Now, according to the Canadian Federation of Independent Business, Canadian industry is as much as 37 per cent less efficient than similar industry in the United States.

The implications of that figure are grave. In the simplest terms, our higher wages

and lower productivity mean that the Canadian dollar should be trading at only 60 or 70 cents in terms of the American dollar. Only our consistently high level of resource exports and foreign borrowing have kept the two dollars close to par.

But what happens when our resources and international credit rating run out? Already, we've exhausted our export capacity in petroleum. Ultimately, our other non-renewable resources must become exhausted, too.

The challenge of the future for Canadians will be learning to live better with less. A conserver society must be developed to replace our present wasteful consumer society. Canada can't afford to constantly expand the ranks of the unemployed, forcing those looking for work to do our national conserving for us.

Now for the good news. Learning to live within our means shouldn't be as difficult as might be imagined. For example, Canada, one of the world's major agricultural powers, is a net importer of food! We could easily - and profitably - increase our output of food and drastically reduce our imports. Canadians can learn to vacation in Canada rather than abroad. Or we can learn to conserve our limited resources.

The key to a better tomorrow may well be a Canadian society that drinks apple juice rather than orange juice while vacationing in New Brunswick rather than Florida.

Hall's Lake News

Doreen Stinson

Still Winter, but lovely sunshine this Monday morning, and at least our Lake was better for the snow machines than heretofore - not so slushy.

Sorry to have missed writing this column for a couple of weeks and thanks to those of you who called in to ask Why. An emergency call home to Hamilton took us off in a rush to attend the final days of a dearly loved sister.

Congratulations to Miss Ellen Farnsworth of Lorelea Lodge here on the Lake who was crowned "Junior Carnival Queen" for the Minden Carnival celebrations! A pretty little Miss she is too!

The Valentine Pot-Luck supper and Euchre at Club 35 on the 14th was evidently a great success, with a good turnout of local people, delicious dishes of various special recipes, fun at games, and the Highlight of the Evening the presentation of a lovely lamp to the newlyweds of recent months, Hazel and George Hunt, popular members of the Club.

St. Stephen's church held their annual Vestry Meeting on Tuesday January 31st at the home of Mr. and Mrs. William Gartshore with a good turnout of interested church people. The Rev. Douglas Brown was Chairman for the meeting and the Wardens for 1977 are Leonard Stinson, Rector's Warden, and William Gartshore Peoples' Warden. Miss M. Johnson gave a wonderful report on the accomplishments of the Ladies' Guild. It was a pleasant meeting and the Hostess served a delightful lunch upon its conclusion.

Received a card from Eleanor and Frank Ferris who are sunning themselves on the beaches in Florida, also a card from Prof. John Rothwell from Scotland who has been visiting relatives in the British Isles.

Glad to hear Mr. Stephen Barker has been able to return to school following his fairly recent accident and stay in hospital and more recent recuperation at his home.

Mrs. Laura Mole has been in Peterborough Hospital having surgery and we trust she will soon be able to return home again.

Mr. Albert Hart has been home for about three weeks but is off to Toronto once again to assist his son-in-law in building his new plane which they hope to fly into Stanhope Airport one of these fine days.

The Auxiliary of Hyland Crest will be holding its monthly meeting on the 28th and it would be nice to have a good crowd out since the January meeting was cancelled due to weather conditions and there was no December meeting. There is, therefore, much business to be discussed.

We trust with the longer days and more sunshine that all the sick folks around the area will soon be on the way to better health and spirits. There is lots of flu and colds going around both here and in the cities so take care!

The Munroe family from Dundas were up at their new cottage for the Minden Carnival week-end and their young son and friends have been enjoying themselves this past week at the same spot.

Mr. and Mrs. Earl Penick of Hamilton were up for the week-end and enjoyed their snow machines, also Mark Hall and his friends at the Don. Hall cottage.

Readers will be interested to learn they are once again re-building the Hawk Lake Bridge.

Snowmobile Clubs Increase Activity

Browsing through seven pages of condensed club newsletters in the Winter Issue of the O.F.S.C. NEWS, we are impressed by the many parties and community events scheduled by snowmobilers across Ontario. More clubs than ever before are going in for trail grooming this year and opening their trails to other clubs and the general snowmobiling public.

Christmas parties for the children were numerous and several clubs entered floats in Santa Claus parades. In the Fall, work parties to clear trails in preparation for the winter's fun were the rule rather than the exception, and in January, trips, cookouts and snowmobile games were prevalent. Many clubs have assisted, or will assist, with Winter Carnivals, Sno-Dos and Snowaramas. Visits to other clubs have become popular and a few cross-country trips have been reported.

The majority of clubs are participating fully in the Operator Training Program with the result that many thousands of snowmobilers will be operating their machines legally when the new legislation goes into effect on March 1st of this year. This is the legislation that will permit licensed operators over 14 to cross public roads and over 12 to drive on public trails. Most clubs now have one or more certified instructors of the nearly 400 trained in the Province, and that number will increase to more than 600 by the end of the year.

It is interesting to note that despite the long distance most clubs are looking forward to attending the Annual OFSC Convention which will be held in Sault Ste Marie this year on April 1st, 2nd, and 3rd. Any member of any federated club is eligible to attend and those who wish to go should be making their preparations now for reservations and registrations must be in by March 25th.

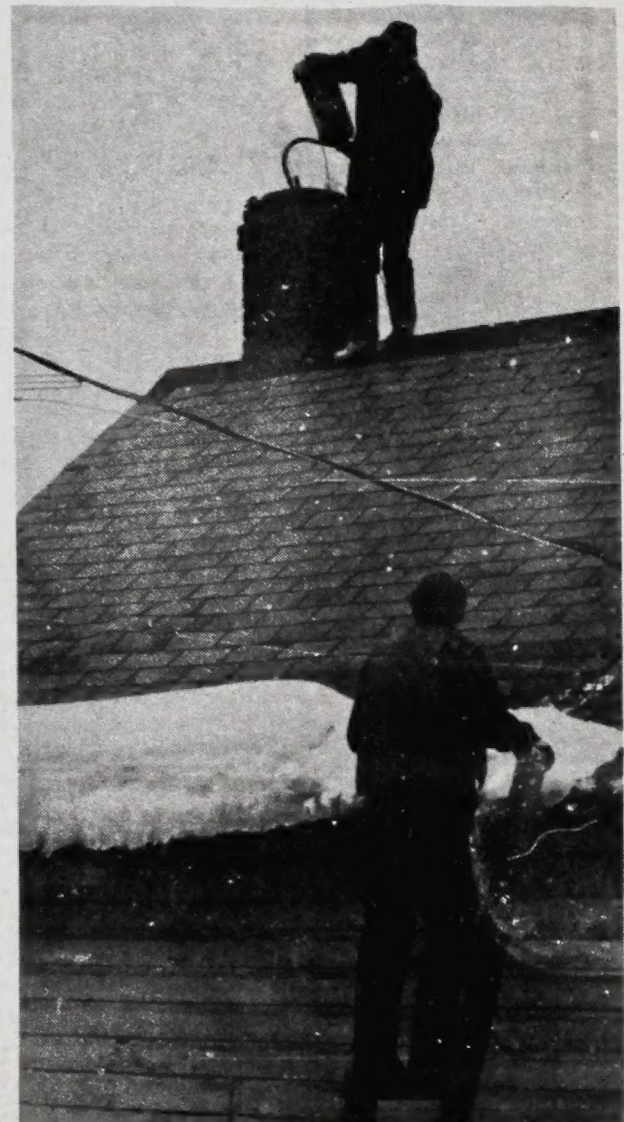

36 from area attend Witnesses assembly

"Christian development is a process that never ends and needs to be kept progressive in the lives of Christians today. This is becoming increasingly more difficult as we live in a world that drifts further and further from God. However, by encouraging one another and deepening our knowledge of Jehovah God by an intensive study of His Word the Bible, we will be able to endure and progress in the Christian experience."

These were the words of Special Speaker Mr. E. Roach to an audience of 1,756 Jehovah's Witnesses who met in Brampton a week ago last weekend to attend their semi-annual circuit assembly. Mr. Roach oversees the work of

Jehovah's Witnesses in central Canada and was guest speaker at the assembly which was attended by some thirty Haliburton County Witnesses.

Ronald Newbatt, spokesman for the Minden group said, "This assembly was an extension of the regular training program conducted weekly in all congregations of Jehovah's Witnesses and served to encourage us to endure in the Christian faith." He added, "It was a real joy to see 10 new Witnesses baptized by water immersion on Sunday morning and the whole program along with the association that we enjoyed for the two days has proved to be a rich spiritual blessing for all of us."

The combination of Cliff Burke alert Progress reporter who phoned in the alarm, and the equally alert Minden Volunteer Fire Department's quick response had this Minden chimney fire out in record time last Friday afternoon. Damage to the Newcastle Street home of Phil and Florence Robinson was minimal despite two malfunctioning fire extinguishers that plagued firemen's efforts to quell the blaze. When fireman Spike Moxon tried to use one extinguisher on the chimney, above, it took a wrench to turn it on. Another used inside the house itself wouldn't turn off and had to be smothered in a snowbank. Above, while fireman Moxon works on the roof, Fire Chief Don Booth stands at the top of the ladder ready to assist him.

W.I. meeting

On Wed afternoon Feb. 16th at the United Church Hall 30 members and 3 guests met for the monthly meeting of Minden Women's Institute.....Mrs. Lyman Cox, President, opened the meeting by reading "It's Your Town" and welcomed everyone. After the usual business, correspondence was read and collections were taken. A donation of \$25 is to be sent to the Boy Scout Club.....

Special even was the presentation of a Life Membership Badge and Certificate to Mrs. William Cox by Mrs. A. Kernohan and Mrs. P. Clarke. Annie has been a capable and active member in this Branch for many years, serving in many offices including that of president. She kindly thanked us and was so pleased at receiving this honour.

It was decided that we do not send anyone to Officers Conference in May.

Roll call had been clippings for the Village History and many of these were received. Also articles were turned in for our Grocery Draw with members taking tickets to sell with draw at next meeting.

Curators report was given by Mrs. M. Sears and Mrs. W. Walker, reading several histories; The Three-Volume History was on display, if want to see these they are at the Library and afternoon 3-5.

This is Minden W. I. 's 70th Anniversary year, so a committee of Audrey Walker, Thelma Ewing, Irene Burns and Jeanne Sears are to make plans for a Party in conjunction with our June meeting.

This will be at United Church Hall and Victoria East Branches are to be invited to join us. Copies of Home and Country were given out and will be read at home.

The meeting closed with God Save the Queen and W. I. Grace and all enjoyed the delicious lunch served by the committee. A Snowball Draw on a gift was won by Joyce Hewitt. Next meeting will be at the Parish Hall Wed. March 16th at 2 so come out and join this lively group.

About the Town

with Jeanne Sears

Guess you knew it all the time but we heard from Radio CFRB that we had a colder January than that of 50 years ago when this station came on the air. But then Jan was not very warm in Florida either if the reports we heard were true.

There was Baptism during Sunday Morning Service at Minden United Church for Simon Morgan, son of Mr. and Mrs. Paul Prentice.

They are still working on having another statutory holiday, this time Heritage Day, and some people had holiday last Friday or this past Monday. Wonder when they will pass this Law.

Sunday guests with Mrs. Wallace Walker included Mr. and Mrs. Junior Walker of Dunsford, Mr. and Mrs. Wayne Walker and family of Cameron, Mr. and Mrs. Goldie Walker and family, Mr. and Mrs. Arnold Walker and family and Mrs. Jerry Walker and family all of Minden.

Next Monday night will be the Monthly Card Party at the Orange Hall where euchre and cribbage are played.

We are pleased to report that Lyn Stevenson and Clare Walker are home after some time in Civic Hospital.

The Natural Resources are warning cottage owners that the snow and ice on roofs might get heavier when our thaw comes???? so it might be wise to come and take some of the snow off or hire someone to do this for you.

Mrs. Harry Welch is home again after a visit with her son Gerald and the Ron Welch family.

Winners at the weekly Card Party at the Parish Hall last Thurs afternoon were for bridge Florence Cooper, for cribbage Diane Stevens and Vera Ward and for euchre Marjorie Coulter, Chris Lazier and Harry MacMinn lone hands, some of these last on a out of cards.

Mr. and Mrs. Mike Hickey and family of Powassan were visiting friends in the village last weekend.

Mr. and Mr. A. Jemmet and family of Barrie spent the weekend with Mr. and Mrs. Ross Warburton and family.

Mr. and Mrs. Lee Oster of Toronto spent the weekend at their cottage on Gull River.

Miss Lola Stevenson of Kingston spent the weekend with her mother Mrs. G. Stevenson and Judy.

I often think when sitting alone,
Of one good friend which is our phone.
Whenever I am feeling blue;
I go and call a friend or two.
A friend calls me and mentions the weather;
Then says that we must get together.
Another friend calls and asks for the news;
And tells me she bought new shoes;
On stormy days we often dial,
To save us driving many a mile.
Sometimes I wonder in days long ago
How we did without phones; I really don't know.
Florence Robinson.

I understand that loan companies are coming out with a new plan for the heavier borrower. It's called, "The Lay Awake Plan".

We notice that the Money Thermometer for the Scout Project has now reached \$1800. with objective \$4400. This Saturday Feb 26th there will be a Bake Sale and Bazaar at the Recorder Office starting at 10:30 with funds for this project.

With all the snow, don't forget to feed the birds, we have a goodly number and variety of feathered friends here and enjoy watching them through not the bossy bluejays.

Was a bright chilly week, with a cold wind, but sunshine is warmer and days grow longer. Cheerio until next time.

Haliburton Winter Carnival Scenes

In these scenes from last weekend's Haliburton Winter Carnival we see left to right (top) the Haliburton Pipe Band, Carnival

Queen Lou-Ann English and Nancy's Flowers parade winning float; (bottom) the 'Bed Race' with Red and White's entry,

and the Bank of Montreal float, second place winner in the parade.

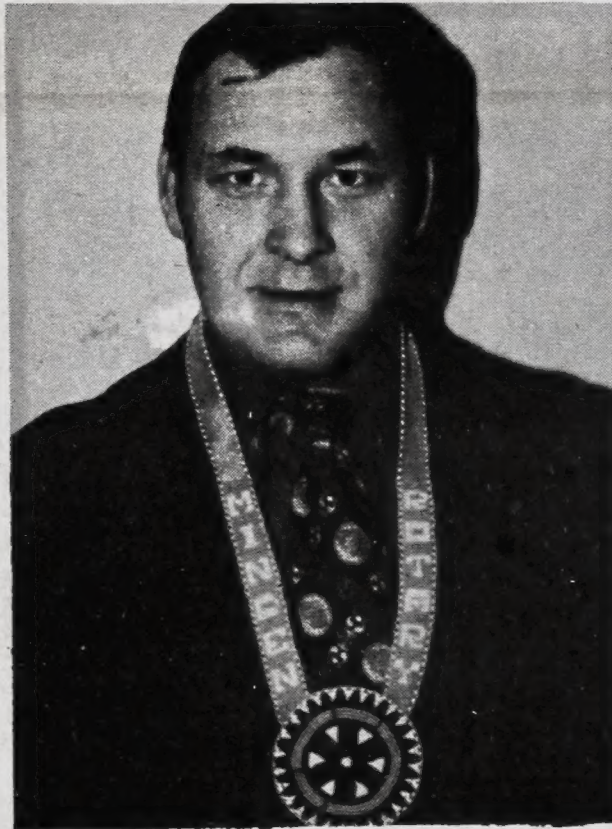

3 charged in break-in

Three young men who broke into a Kushog Lake cottage and partied for the weekend late last Fall have been charged by police. Facing charges of break, enter and theft are Gregory Donald Reid, 26 of Toronto and Mark Stephen Hillock and Ian MacFarlane Fraser, both 22 and from Willowdale.

According to police the trio brought their won refreshments with them but used the cottage and a boat during their weekend vacation.

One-of-a-kind

Local craftswoman Yvonne Beaucage handcrafted this Minden Rotary chain of office worn here by Minden Rotary President Dick Schell. Made from deer hide and beads in Rotary

colors and featuring the Rotary Wheel, the chain of office took some three weeks to make and is probably the only one of its kind in the world.

CORPORATION OF THE TOWNSHIP OF LUTTERWORTH

TAKE NOTICE that the Council of the Corporation of the Township of Lutterworth intends to stop up, close and convey a portion of the original allowance for road around the shore of Clear Lake and being part of Lot 15, Concession 4, in the Township of Lutterworth, in the Provisional County of Haliburton.

The By-law which will effect this action is available for perusal at the Lutterworth Municipal offices during regular office hours.

The said By-law will be considered by Council at the regular meeting to be held on Tuesday, March 15th, 1977, commencing at the hour of 10:00 a.m., at the Lutterworth Municipal Offices.

Any person who claims that his land will be prejudicially affected by the said By-law may object in writing to the undersigned on or before 5:00 p.m. on Friday, March 11th, 1977, and further may attend upon the Council at the aforementioned appointed time.

DATED at the Township of Lutterworth this 1st day of February, 1977.

Mrs. B.A. Millar,
Clerk-Treasurer
P.O. Box 176,
Minden, Ontario.

Minden defeats Haliburton 4-2

Ernestown wins Tim Harrison Memorial Midget Hockey Tournament

The Walker's Lumber Midgets came up with their finest display of hockey this season on Saturday at the 2nd Annual Tim Harrison Memorial Hockey tournament.

The Lumberman opened the tournament at 8 a.m. against Haliburton and for the first time in over three years defeated their arch-rivals 4-2. David Brown and Kelly Young were the outstanding players in the game. Dave scored three goals and set up linemate Danny Allison for the fourth. Bernie Nichols and Dean Potter scored for Haliburton. Kelly Young was brilliant in the Minden net, kicking out 26 of 28 shots, many of them labelled for sure goals.

Penalties were even in the game at one apiece. Perhaps the greatest game ever played by a Minden Midget team was played on Saturday in the semi-finals. The Walker's Lumber boys met Ops and had never won a game against this powerful team, and it looked like the Ops boys were going to keep their winning streak alive when they held a 3-1 lead after one period.

Terry Harrison opened the scoring for Minden on passes from Dave Brown and Brian Shaw. Then Ops scored three straight goals, Larry Currins scored twice and Steve English once. Minden made it 3-2 early in the second on a goal by Garry Harrison from Shaw before Ops restored their two goal lead by Jim Pearson.

Brian Shaw then went to work. He scored unassisted to make it 4-3 then tied the game a few seconds later from Tim Davies. Larry Currins picked up his third of the game to give Ops a 5-4 lead once more.

Brian then sent Davies in alone to tie the game again and with less than a minute remaining Brian fired the winner, assisted by Brown and Allison and they were in the Championship Game.

Ernestown started the tournament against Peterboro and won 3-0 on goals by Randy Purdy, Mark Lacham and Doug Greenaway. They then met Bobcaygeon in the semi-final and came away with another shutout, this time 1-0 on a goal by Doug Greenaway. The Ernestown team held a two man advantage in this game five times but could not score one goal. Greenaways came while both sides were at even strength which by the way was very seldom. Bobcaygeon picked up 26 minutes in penalties plus a Misconduct and Ernestown

was assessed 12 minutes.

The Championship game was a tight, aggressive, clean match between Walker's Lumber and Ernestown, with only one mistake in the whole game and that by Minden and consequently they lost a heart-breaker, 1-0.

Kelly Young once again was super in the Minden net, but very slight defensive lapse by Minden caused a loose puck to be lloood into the top left hand corner by Tim Allan to win the game and the tournament for Ernestown.

Minden outshot the Ernestown team 24-16 and 13-4 in the third period but couldn't buy a goal from Wayne Burrows who recorded his third shut-out in a row and thus won the Most Valuable Goaltender of the tournament.

If this tournament awarded a trophy to the MVP it would have gone to Bernie Nichols of Haliburton. Bernie had one of those days when everything goes right. He scored ten goals and had one assist in the three games his team played. A goal and assist in their tournament opener against Minden, all

five goals against Sunderland in the Consolation semi-final and then struck for four more in the Consolation game against Peterboro, which they won 6-1.

The McKnight's Shell Midget B's acquitted themselves extremely well in this "A" tournament although losing both their games.

In their tournament opener they fell behind 5-0, before they finally found their skating legs and got over the jitters, to score three in a row. Ronnie Yake Kim Hamilton and Grant Porter made the score 5-3 and it looked like they were going to skate the TiCats out of the rink but the Bobcaygeon team regained its composure and scored late in the game to take the steam out of the Minden team.

In the Consolation semi-final, the "B's" started off slowly again, falling behind 2-0, after two periods. Then in third Bantams, Ronnie Yake and Scott Arburhnot tied the game 2-2 and it was a brand new ball game. However, Peterboro came back and took the game 3-2, while Minden was having some trouble on a line change.

Yake's

From page 11

ing the field by as much as ten points just a month ago, Yake's Rollers now hold a commanding six point lead over runners-up Devil's Angels, 26-20. Third place belongs to the Hell's Angels with 17 points.

Kim rolled 154-183-156 for 493 while Rickey had his top triple of the year, 457 on singles of 136-133-188.

The Bantam standings now have a leader after having been tied for the past two weeks. The Super-Strikers pulled ahead of the Strikers 22-21.

In Senior action Barker's Boozers moved further in front with a 5 point afternoon, giving them a 36-20 lead over Dave's Dusters.

Top scores of the day went to Seniors - Blaine Sawyer 228, Dave Everall 224 and Dave Barker 219, 198 Juniors - Cathy Darby 234, Ann Everall 197 and Anita McKinley 171. Bantams - Ted Conway 132 and Leighann McKinley 112.

This weekend the following bowlers will be bowling at Oshawa Lanes in Oshawa

in the 4 Steps to Stardom Zone Finals, Bantams, Ted Conway and Leeanna Barker and Seniors, Dave Barker and Diane Cowan. These bowlers are asked to be on the Main Street in Minden by 7:45.

On Sunday, March 6th the Pepsi Cola High School Championships are going to be held at Bowmanville. The following will be entered from Carnarvon Lanes, Diane Cowan, Dave Barker, Dave Everall, Jim Carrell, Les Booth and Tim Davies.

The bowling starts at 10 a.m. so all bowlers are asked to be on the Main Street in Minden by 7:45 a.m.

On Sunday March 13th the Master Bantam Tournament will be rolled in Peterborough. Jeff Stamp and Barbara Adams will be competing along with Carnarvon Lanes Master Teacher, Ron Robinson Sr. Bowlers will leave Minden at 8 a.m.

A notice to all bowlers in the YBC, their will be NO bowling on Saturday March 5th.

Kinmount hosts Legion Dart Tournament

by Sam Telford, P.R.O.

On Saturday, January 22nd at the Royal Canadian Legion, John McGrath Branch No. 441 in Kinmount, the Kinmount members held a men's Dart Tournament.

The tournament was extremely well run and very successful for the following individuals and teams from Cannington, Coboconk, Haliburton, Lindsay, Omeme, Fenelon Falls and Sunderland as well as the Host Club.

In Team play, Lindsay came out the winner with Kinmount second and Omeme third in a play-off over Kinmount's Number one team.

In Doubles action Fenelon Falls took top honors while Haliburton placed second and Omeme third.

Al Weaver of Coboconk, won the singles title while Brad Acreman of Omeme was second.

The high score of the day was thrown by McCarthy of Omeme in a throw off.

The ladies of the Kinmount Auxilliary provided a fine meal and lots of it. And the young fry, Gerald Allen and Richard

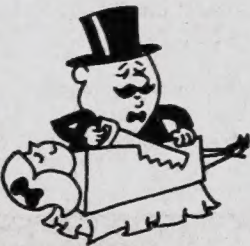

Crege did an excellent job of setting up for the tournament.

Thanks to all.

Thank You

Minden Minor Hockey would like to thank all those people who pitched in and helped make last Saturday's 2nd annual Tim Harrison Memorial Midget hockey tournament such a great success. Also the various organizations who did such a fine job, like the Minden Rotary, Minden Kinsmen, Dept. of Natural Resources and the Minor Hockey Ladies Auxilliary for the beautiful chicken dinner they served to all.

Reduce if overweight. Give Heart Fund

Zino Pads FAST RELIEF FOR CORNS Scholl

Part 6 Skiing on varied terrain (Cont.)

SKIING ON VARIED TERRAIN (Cont.)

This week we will take a look at Changing Directions. First, the STRIDING TURNS.

Wide, slow curves are skied using the Diagonal Stride. With each stride, the outside hip is brought forward and the outside ski is angled appropriately in the new direction.

The STEP TURNS. Abrupt and sharp turns are made most quickly and efficiently by "stepping" around the

curve.

STEP TURNS AT HIGHER SPEEDS. The initiating Double-Pole Push is omitted. At speeds which are not too fast, it is advantageous to plant the outside pole for increased support and stability.

STEM-TURNS. In some situations, Stem-Turns are unavoidable. Execute Stem turns properly and in a relaxed manner. On cross-country skis, the Stem-Christie is the most effective Stem-Turn.

Next week Using terrain to advantage.

Ministry of Transportation Communication

Recreational flying activity up at Stanhope Airport in '76

Stanhope's Municipal Airport recorded another year of growth toward its objective of becoming one of the most popular recreational flying centres in Canada, according to Derek Rolfe, President of the Stanhope Airport Committee. Mr. Rolfe made the observation after reviewing the Financial Report presented to a recent meeting of the committee by Louise Watson, Secretary-Treasurer.

"It is the Committee's opinion that the Township of Stanhope has a sound financial investment in the airport," Mr. Rolfe said, "and with the recent arrival of Air Haliburton's licence from the Air Transport Committee of the Canadian Transportation Commission to commence a flying training school and air charter service, the airport's financial picture should improve even more in the next few years."

Two Budgets

The Airport Committee operates with two completely separate budgets. One is used to finance the promotion and operation of major recreational activities at the airport such as the B-AIR-BQ FLY-IN in June and the Colorfest Fly-In in October. The committee hopes to operate these activities at a profit each year. The 1976 balance of \$1,050. is unusually high, but it is hoped that it will be used to generate even more successful fly-

ins and other activities in 1977 for an even larger financial balance.

The Airport Committee is also responsible for the Airport Operating Budget which is administered by the committee, but each expenditure is approved by Council as required. It is within the framework of this operating budget that the real value of the members of the Airport Committee is successfully hidden by fiscal jargon.

Since the airport officially opened in 1968, it has been calculated that on an average airport budget of \$2,700. a year, the Township of Stanhope has acquired assets at the rate of \$9,100 per year. And NO land evaluations are included in the calculations. About 15% of the annual operating budgets to date has gone toward light, heat, and telephone costs.

The committee is positive that Council will agree that a large percentage of the spread between the dollar cost and the present value of the assets is due to the high input of volunteer labour over the years by members of the Airport Committee.

Haliburton County Grant Among the capital cost items not included in the 1976 budget was an item for runway improvement. During the year, an opportunity arose to improve the surface of the approach to the threshold of Runway 26, westbound for take-off.

The Township agreed to donate gravel for the project if the committee arranged for transportation and spreading. Estimated additional cost was \$1,000. Since this repair had not been included in the budget, the committee president appealed to the Haliburton County Council for financial aid and was granted \$1,000 to proceed with the runway improvement. Work was completed in early fall.

New Washrooms

Due to unprecedented demands on the time of each committee member on other than airport activities since the fall, a budgeted item for new washrooms in the Airport office Building was not acted upon until after the new year began. Unfortunately the unused portion of the '76 funds was automatically frozen at the end of the fiscal year, and an unallocated surplus of \$1,250 was transferred to a special reserve for airport use which is administered by the Council. However, a cost estimate is being submitted at the next Council Meeting and the installation of washrooms is expected to begin this month. Again, all labour - except that of the plumber is donated by members of the Airport Committee.

Air Haliburton Licence

In addition to being a good year financially, 1976 was a good year for the airport in other ways. Just before year's end, Air

Haliburton's long-awaited licence to commence flight training, aircraft rental, sightseeing and air charter services at Stanhope Airport arrived. Jim McLean, president of Air Haliburton, reports that the ATC licence is more or less a permit to begin procedures with the Federal Ministry of Transport to obtain an operating certificate.

"The Air Transport Committee okays the financial aspects of a proposed operation and the MoT approves basically the safety aspects as published in Air Regulations and Air Navigation Orders," said Mr. McLean. "All aviation operations in Canada are closely supervised by the MoT," he went on, "since the government is rightfully very safety conscious and each approval stage seems to take a long time."

Mr. McLean hopes that Stanhope Airport will be a much more active recreation centre by early spring with the first private pilot students sprouting their wings.

Ground School Classes

Earlier in '76 Air Haliburton ran a series of complementary audio-visual ground school classes on an introductory basis for potential student pilots. About 30 people from the Haliburton area attended these informal meetings, more than half of them regularly. At that time it had been hoped that Air Haliburton would be op-

erating its flight training program by last summer.

Fly-In Barbeque

The first Sunday in June last year turned out to be another beautiful and successful day for the Airport Committee's B-AIR-BQ FLY-IN. About 130 pounds of beef cut into 15 roasts were turning on the spits of the airport barbeque wafting a welcoming aroma as 102 airplanes arrived from many points in Ontario delivering some 300 hungry visitors for the day.

Local residents and cottagers swelled the total attendance at the B-AIR-BQ to over 1,000. The crowd consumed all the beef, 28 dozen buns, over 100 hot dogs and 10 pounds of ham. Forty cases of pop were consumed so fast that search parties were dispatched to replenish supplies. Some were located, but the committee estimates that 20 more cases might have lasted the rest of the day.

Fly-In activities also included an acrobatic display by a Citabria, an airplane designed for recreational flying, a parachute rescue demonstration by the Canadian Armed Forces and a horse draw contest between area enthusiasts.

Fall Colour Fly-In

Poor weather had an adverse affect on attendance at Stanhope's fall breakfast fly-in. Even so, 26 airplanes arrived and about 100 people enjoyed a breakfast of flapjacks and sausages laced with Haliburton Maple

Syrup cooked to a tee by committee member Harry Davis.

During 1976 over 300 non resident aircraft arrivals were recorded on weekends only, when the airport office is manned by committee members. Most mid-week arrivals and departures are not recorded. Of the 300 arrivals, 10 departed from Quebec, three from the U.S.A. and one each from Alberta and B.C. The balance came from 63 different Ontario centres.

Stanhope's New Hangar

Just before the snows came last November, a second hangar was 95% completed at the airport. It will house the three air-planes to be operated by Air Haliburton and one belonging to Bill Cooper who will be responsible for maintaining these airplanes to the standards required by the MoT.

This hangar, like the first one, was constructed at no cost to the Township and will become a revenue producer for Stanhope in 10 years.

Stanhope Airport has also been a temporary field base for fixed-wing and rotary-wing aircraft from Ontario Hydro and Ontario Ministry of Natural Resources and has hosted a helicopter from the Canadian Armed Forces Search and Rescue Unit.
